

Rats! The Story of the Pied Piper

Cast List

Everyone did a phenomenal job auditioning for this show. It was incredibly difficult to assign parts which is a good problem to have. Unfortunately, we had to make cuts due to the large amount of kids auditioning. Please consider joining us at Firehall playdates. The next one is December 23rd, ages 5-11.

The cost is \$30. The show is going to be great. I'm asking that all of the characters with lines be memorized by the second week of practices. Putting together a show is just that much easier if everyone comes in memorized. If your name is in green, please come by the East Grand Forks Campbell Library

(422 4th st, EGF) to pick up a script sometime this week starting Wednesday. A mandatory parent meeting will be 6:00 pm on Friday January 6th. The first practice will be January 8th at 1:00 PM. The cost for participating in Rats! Is \$40. Please initial next to your part if you accept your part. The last day to let us know if you will be participating in the show is December 25th. You can also accept a part or decline a part by e-mailing carly.flaagan@my.und.edu.
